

COLOR

OUTSIDE THE LINES

LOOK & LEARN
AND HANDS-ON

Be bold and learn how to master haircolor straight from the beginning of the process - formulation!

In this interactive haircolor session, learn how to utilize the principles of haircolor, its science, and chemistry. This unique class focuses on understanding the color wheel, the Neutral and Natural series, placement, application and more.

Monday, Sept. 9, 2019

Look & Learn: 10am - Noon
Fee: \$25

Hands-On: 1 pm - 4 pm
Fee: \$125
(includes L&L and Lunch)

Schlitz Audubon Nature Center
1111 E Brown Deer Rd, Bayside, WI

CLASS DETAILS:

Free yourself from the limits of haircolor and open a more artistic approach to formulating in order to deliver more precise results. Create four different scenarios into one without using the rule that the color industry has always taught.

Jen Bullock
Design Team Artist

Jen Bullock is a passionate, American Board Certified Colorist fueled by the science behind haircolor, as well as versatile, fashion forwards styles! Her motto? "The more science we understand the more art we can create." Jen views hair as her fabric and her mission as a stylist is to tailor each look to her client's personality and lifestyle!

a **FORCE** of
nature

IN 1984
WE BECAME THE ROOT OF THE ORGANIC MOVEMENT.

Our passion for research has made us a leader in the industry by replacing toxic chemicals with certified organic ingredients. Our vegetable and botanical alternatives eliminate health risks while delivering superior performance.

PERFECT TONE *with* MAXIMUM COVERAGE

- Every shade is expertly balanced and chromatically calibrated to deliver perfect tone.
- Our exclusive oxidative dyes and couplers allow for pigment-infused saturation, guaranteeing maximum coverage, color depth and intensity.
- Proteins, amino acids, organic butters, natural oils and plant extracts deliver essential nutrients to the hair, reconstructing each strand from the inside out.
- A unique sulfate-free cream base ensures longer-lasting color and healthier hair for vibrant and shiny results.
