

SALON ONLY SALES PRESENTS

ART & SCIENCE:
the roots of
cosmetology!

WITH JEN BULLOCK

SUNDAY, October 27

10 am - noon

and

1 pm-3pm

Boy Scouts of America

4200 19th Avenue South

Fargo, ND

*"If we understand the science, we can
execute the art." ~Jen Bullock,
All-Nutrient National Platform Artist*

In the first session, Jen will cover ALL the capabilities of both All-Nutrient color lines, promising that no matter how long you've been using this line, you will learn something new! Consider this the fun part about SCIENCE!

During the second session, Jen takes the SCIENCE, and translates it into ART. She explains a whole new perspective of the color wheel that will formulate flawless, precise, and satisfying results.

By the end of this day, you'll feel confident with All-Nutrient cream and Keratint color, running with your cooler base formulations, loving how simple blonde toning is, and finally feeling that color is more simple than ever before!

Class Fee: \$50*

* Ticket price does not include lunch.

CLASS DETAILS:

Free yourself from the limits of haircolor and open a more artistic approach to formulating in order to deliver more precise results. Create four different scenarios into one without using the rule that the color industry has always taught.

a **FORCE** of
nature

IN 1984

WE BECAME THE ROOT OF THE ORGANIC MOVEMENT.

Our passion for research has made us a leader in the industry by replacing toxic chemicals with certified organic ingredients. Our vegetable and botanical alternatives eliminate health risks while delivering superior performance.

Jen Bullock
Design Team Artist

Jen Bullock is a passionate, American Board Certified Colorist fueled by the science behind haircolor, as well as versatile, fashion forwards styles! Her motto? "The more science we understand the more art we can create." Jen views hair as her fabric and her mission as a stylist is to tailor each look to her client's personality and lifestyle!

PERFECT TONE *with* MAXIMUM COVERAGE

- ✓ Every shade is expertly balanced and chromatically calibrated to deliver perfect tone.
- ✓ Our exclusive oxidative dyes and couplers allow for pigment-infused saturation, guaranteeing maximum coverage, color depth and intensity.
- ✓ Proteins, amino acids, organic butters, natural oils and plant extracts deliver essential nutrients to the hair, reconstructing each strand from the inside out.
- ✓ A unique sulfate-free cream base ensures longer-lasting color and healthier hair for vibrant and shiny results.
