

# HANDS-ON MEN'S HAIR CUTTING TRENDS with Mo Murphy

Taking care of people is as much fun for me as taking care of their hair. Since graduating from the Aveda Institute in 1994, I have had a sponge-like desire to learn everything I can about the craft of hair. I love all types of haircutting, from barbering, to razored texture, to precision bobs, to fixing bad haircuts. I can give you the perfect color to complement that haircut, whether it's a beautifully blended highlight or a bold statement. In addition to my work behind the chair, I love being a haircutting educator, sharing my knowledge and passion about haircutting with stylists all over the country.
