Olyvia Hall

Based in Saint Paul, Minnesota, Olyvia recently joined the Davines Education team in 2022. She was previously a color trainer for another brand, and provides in house education at her salon, Estetica Salon and Spa. Olyvia was drawn to Davines because of the passion they show for communities, people and the environment. Her enthusiasm for education is deeper than just relaying information, she thrives on getting stylists excited about our industry. She enjoys interactive classes that feel like you're talking with a friend and sharing tips and tricks, while being inclusive of all hair textures, races and ethnicities. Her goal is to provide comfort and freedom while using Davines.
