Who is Qnity?

We make salon, spa & medspa business simple and visual.

Qnity offers turnkey systems, coaching, and services to help you achieve greater financial success through scalable and sustainable practices.

Color Showcase

Join Davines National Master Trainer Piyush Ragha for a live color demonstration. From thoughtful formulation tips to stunning placement techniques, the session will be packed with inspiration and innovation — all while staying true to Davines' sustainable approach to beauty.

Davines Welcome • Business • Education • Social Hour

*Join us for an hour of light appetizers, cocktails, mocktails and meet and greet with presenters and our team

Piyush, Founder of Alchemist Society in Austin, TX, began his career two decades ago. His background includes serving as Regional Director and In-House Educator for two renowned, global hairdressing brands in the Dallas, TX market. After ten years in Dallas, Piyush moved to Austin, where he joined Propaganda Hair Group to lead a team that's committed to creating beautiful, healthy hair. In 2020, Piyush created Alchemist Society, a creative space focused in the science and sustainable beauty of hairdressing.

Piyush's in-depth focus on hair education cemented his dedication to enhancing the careers of his fellow hair professionals. His work with some of the top colorists in the industry influences his teaching style, leading to course experiences that are often described as both "informative and energetic". Piyush felt the "sustainability and ethics of Davines" pairs perfectly with his personal hair philosophy and counts becoming a National Master Trainer as one of his top professional achievements.

Tom Kuhn is a former CPA and multi-location salon owner, turned entrepreneur and recognized as the trusted financial expert and leader for beauty and wellness businesses. Noticing a major gap in financial confidence and skills in the beauty industry, Tom merged the power of visual creativity and finance to create Qnity; a global education and consulting company and Qnity for Schools; a robust financial literacy curriculum for trade and career schools. As Founder/CEO of both companies, Tom has and continues to dedicate his career to the financial success and sustainability of the industry at large. Tom is also an Advisor to top businesses on profitability, financial management and transition planning. In addition, Tom is an active educator, spokesperson and contributor through various industry platforms, serving as the Creator/CEO of the 2to10 Project, a Beauty Changes Lives board member and the host of the Weekly Financial Roundtable; a weekly forum designed to support the school and professional market on current financial topics and best practices.
